The Guitenburg Association wound up a most necessful meeting yesterday. When one sits down and ponders over the mushroom-like growth of this track, it seems very remarkable.
Here but a few years ago the Association
opened with a half-mile circuit and a handful
of miserable old nags. At first the track was made the butt of all the newspapers, and everyone ridiculed the idea of Winter racing. Through blitter cold weather and in rain and snow the old nags plodded on for small purses. Yet the Association thrived, the track was enlarged, and horsemen finally awoke to the fact that Winter racing was to be gers of the track.

The owners of mud-horses and their backers
prayed long and fervently for a rain, and when the first few drops fell, about 1 o'clock, they jumped for joy.

Secretary Sass has issued the first book programme for the Drsi five days of the Buralo Driving Park's race meeting, which begins on Memorran Day, May 20. Its a cleverly constructed programme, with races to suit ell classes of horses, but particularly the middle class, which are not quite good enough to win on the tracks in this vicinity. A large number of horses from this vicinity are promised to take part in the races. James Howe, who made a remarkable success as a starter at Wassington, will hold the flag at the Buffalo meeting.
